

WHAT IS SIMPLY GOLF?

Simply Golf offers an opportunity to:

- Hit golf balls
- Practice your game
- Play golf courses
- View your swing
- Get professional lessons

Simply Golf allows you to practice using the latest technology in the market. You can record your practice sessions, swings and come back later and review those. Swing and practice information is stored in your online locker and can be accessed from the internet and cell phone for review from wherever you are. You can also share this with anybody you choose.

Our swing capture along with flight monitor technology offers golfers the opportunity to look at their swings objectively from their desktop, Smartphone or tablet. You can compare your swing to previous sessions or PGA tour swings. Simulators provide such data as ball speed, club head speed, distance, and launch angle as well as a variety of other analytics.

Contact us at 954-980-1907 or visit our website at simplygolf.golf to book your sessions, discuss lesson packages or your party rental needs.
